

## UI Design final Corrections:

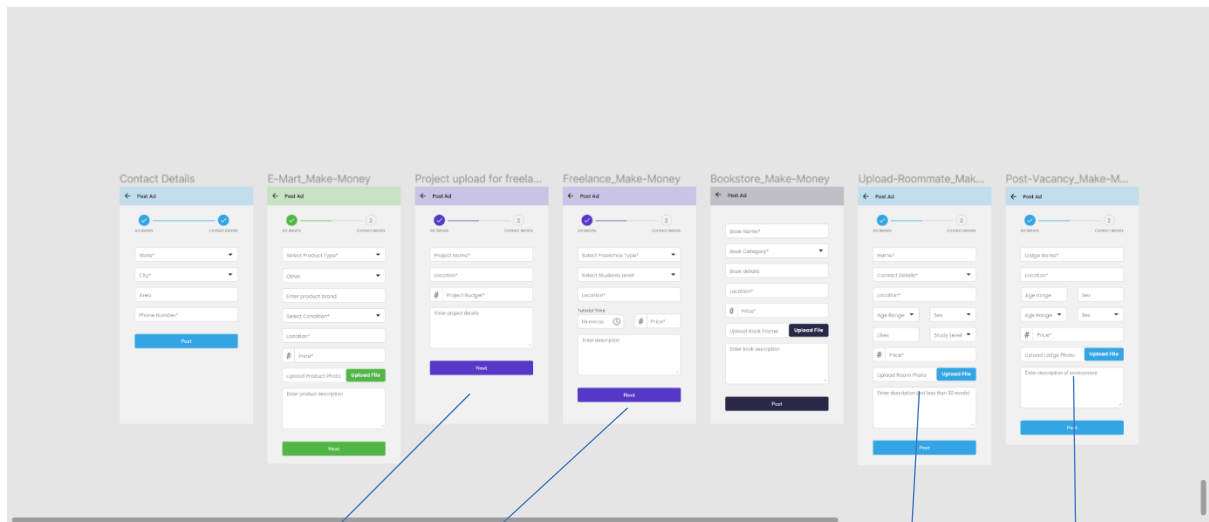

[Changed to a “post preview” page] [phone number or email cannot be allowed-applicable to all]

1. Adding a post (applied to all features):

Page 1/function 1: add details

Page 2/function 2: preview page and click post. (Applicable to all posting features)

2. Adding images: Only four frames: Photos watermarked with username or User-ID
3. Item Location: location entered on signup must be captured as default item location. However, User can also clear and write a new or preferred location for the post, but this can not change the location used in the registration.

Please Delete page

Enter details about your room and yourself

less than 300 characters/ or 50 words

Enter details about the room and the lodge/house

Updated page

1. Select freelance type: Tutorial  
Project  
Training  
Assessment/Assignment  
Others- specify
2. Freelance/Job name.....e.g.: *thesis proofreading*.....(Mandatory)
3. Select student's level (optional)

Drop-down selection:

Not Applicable

Year 1

Year 2

Year 3

Year 4

Year 5

Year 6

Year 7

Year 8

Final Year

MSc

PhD

Senior Sec 1

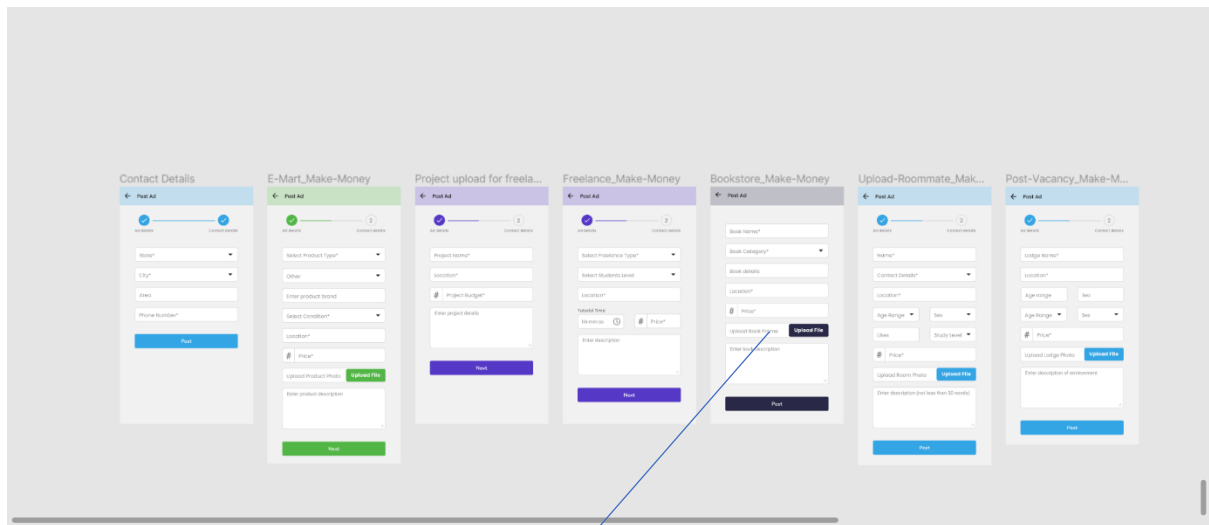

Senior Sec 2

Senior Sec 3

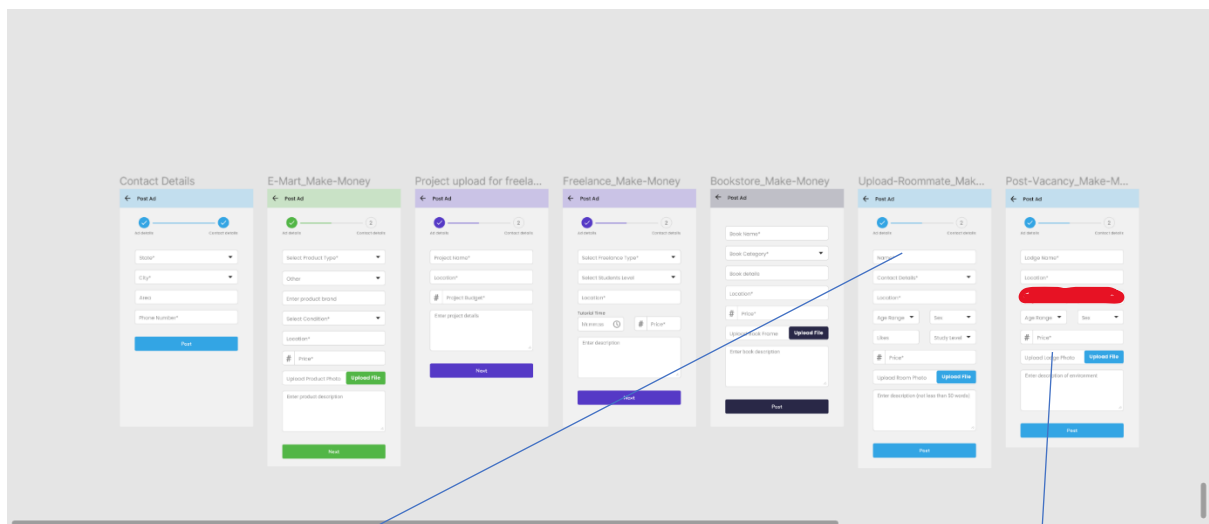

Others-Please specify

4. Location (Mandatory)
5. Tutorial Time & Date: Format: hh:mm | 01/Jan/2023 (optional)
6. Budget/Price (Mandatory)
7. Job delivery date: Format:| 01/Jan/2023 (optional)
8. Enter Descriptions/details (No phone number and emails allowed) Max character 150.

Change the word to “Upload book photo”

Change to “Your name”:

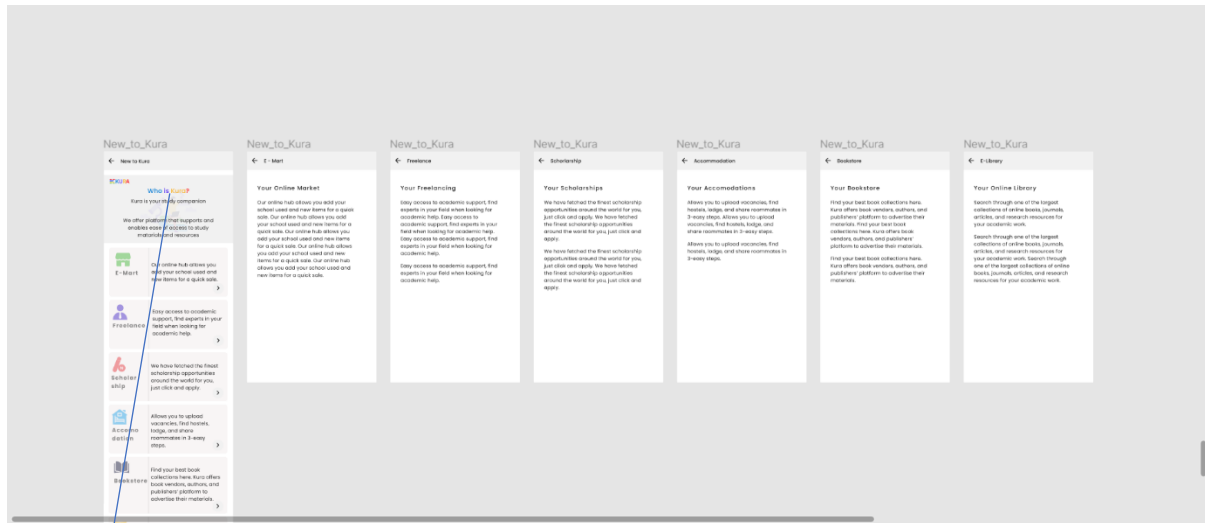

Add “religious preference”

“Likes or hobby”

Add room & lodge photo

Remove “contact details”

Change to “Upload your photo & room photo”.

## Who is Kura:

Kura is an online educational hub that offers students access to find resources, supplies, support and learning materials for their academic pursuit. It connects Students| Subject Experts| Tutors| Authors| Education stakeholders and the general academic community for resource sharing and accessibility.

Kura is your study companion!

## e-hub:

Our online hub allows users and mostly students to add/list their new and used school items and resources for potential interests.

Now, students can exchange, recycle, convert, and transact their used school items with one another for an agreed amount or even free for grabs or exchange.

With Kura e-hub, every item has a re-use value, and the meeting point starts here!

## Freelance:

This feature offers you an easy access to supportive learning, you can find experts and professionals in your field when looking for any academic help.

Users can as well post any job/project/academic work that they need assistance with, and our platform will easily connect you to thousands of experts in that field to support you.

Subject experts and tutors can as well add and advertise any tutorials, trainings, or classes they might be conducting, and we will show that to thousands of students and users on Kura platform.

**Accommodation:**

This is an accommodation renting and roommate sharing feature that allows a student and, or community accommodation renters/landlords to advertise available renting and shareable rooms spaces for accommodation seekers. It allows you to find roommates, hostels, lodge, and post accommodation in 3-easy steps.

With the “roommate” feature, a students can advertise for a roommate and state all their preferences, and this allows for an easy match to a potential student accommodation seeker.

While the “vacant room” feature allows anyone including students, landlords, agents, and accommodation renters to list all their vacant accommodations for any potential student or accommodation seeker.

**E-library:**

Now, it is easier, free and a lot faster to find those resources for your assignments, term paper, projects, and thesis.

Kura e-library is offering students and users an aggregated online library resources for their study needs. Our library hosts the most current academic books, journals, articles, and publications from reliable and notable individuals and institutions.

Search through one of the largest collections of online books, journals, articles, and research resources for your academic work.

**Scholarships:**

Our scholarship interface is your best and most reliable source to secure the right scholarship opportunities. We keep you updated and informed on the latest free college and university scholarships, grants, financial aid and other offers both locally and internationally.

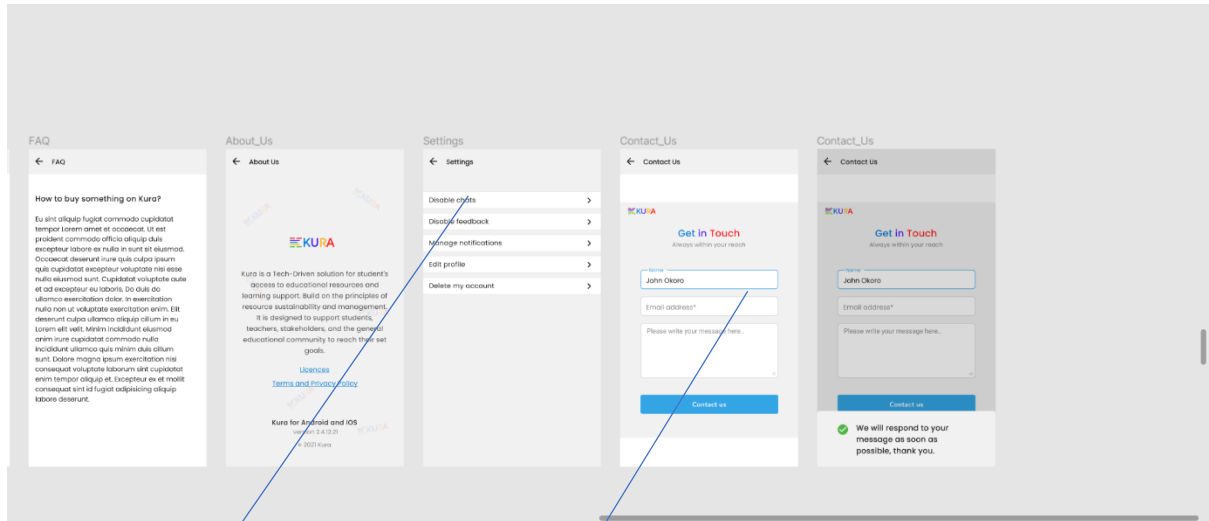

Kura fetches the finest and bespoke scholarship opportunities tailored to your eligibility, and all you need to do is just click and apply.

**Bookstore:**

Explore the best book collections from different book authorities. Our bookstore offers author, writers, book vendors and book publishers a platform to advertise their books, materials and intellectual writings and products.

Kura users can search for numerous titles and connect with the book writer, owners, and proprietor to make a purchase.

This platform offers more visibility and improved access to book vendors by giving more opportunity to reach bigger audience and more sell their books. This feature is exclusively reserved for the book authorities (writers, book vendors, authors, and publishers) for posting and listing books while every other user can explore them and connect with their interest.

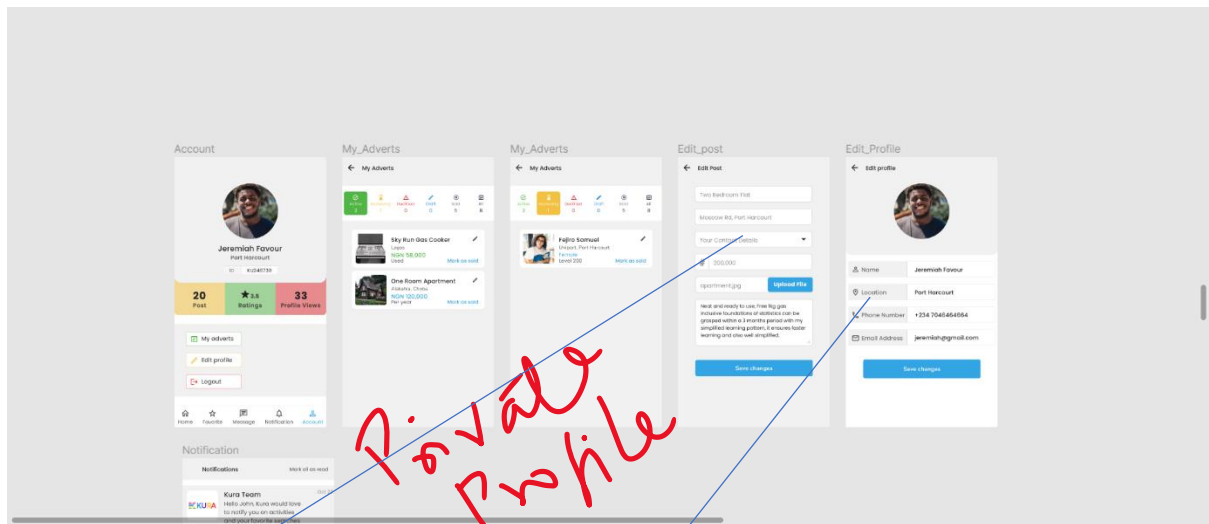

Can the “chat menu” manage the “in-app calls” function? For example, if you disable chat menu, can that disable call icon and calls? If yes, then that’s ok.

If no: then we need to add “manage call” function on the settings menu.

We need a message subject here

Drop down menu:

1. Kura partnerships
2. Careers
3. Enquires
4. Kura Ambassador
5. Complaints
6. Subscription plan
7. Others-specify

Delete contact details.

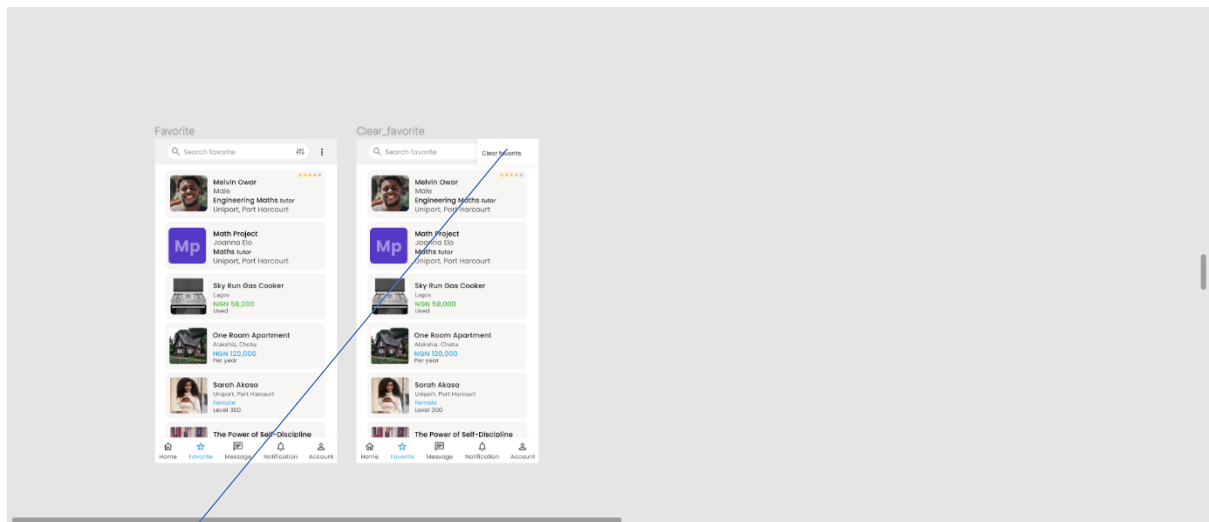

Add a “username & DOB & Sex (M, F, Unspecified)” here

The public profile is missing in this UI design.

The public profile will have all their details except emails and phone number. So personal data such as “emails” and “date of birth” and “phone number” cannot be showing on the public profile.

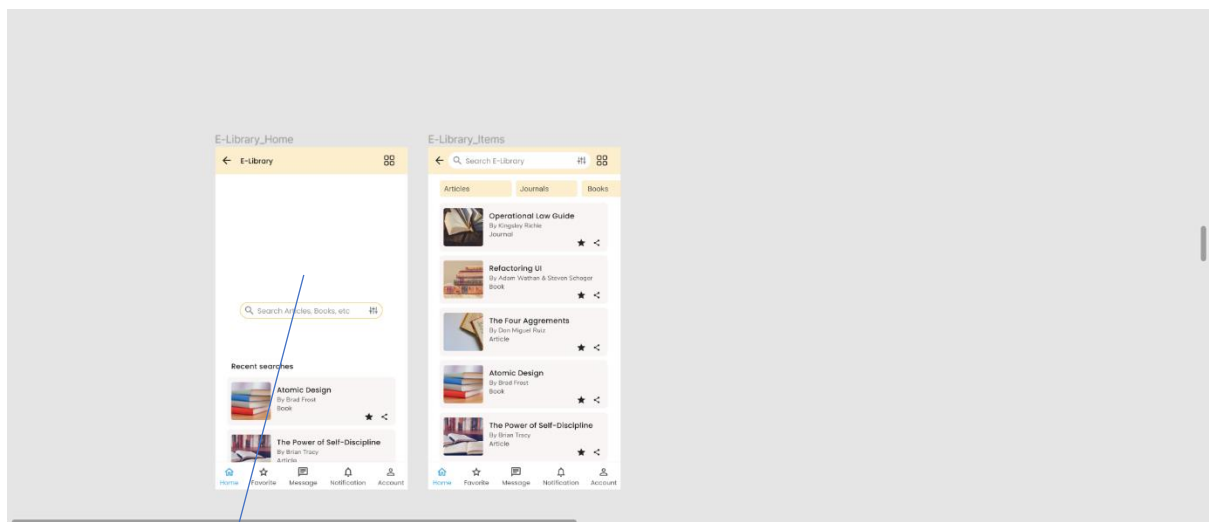

Public profile must have/show:

1. All listings and posts by user
2. Rating
3. Name
4. Location
5. ID
6. Sex
7. Username
8. Profile photo if any.
9. Report Abuse
10. Reviews and others.

“Clear favourite” will not clear all items on the favourite at once.

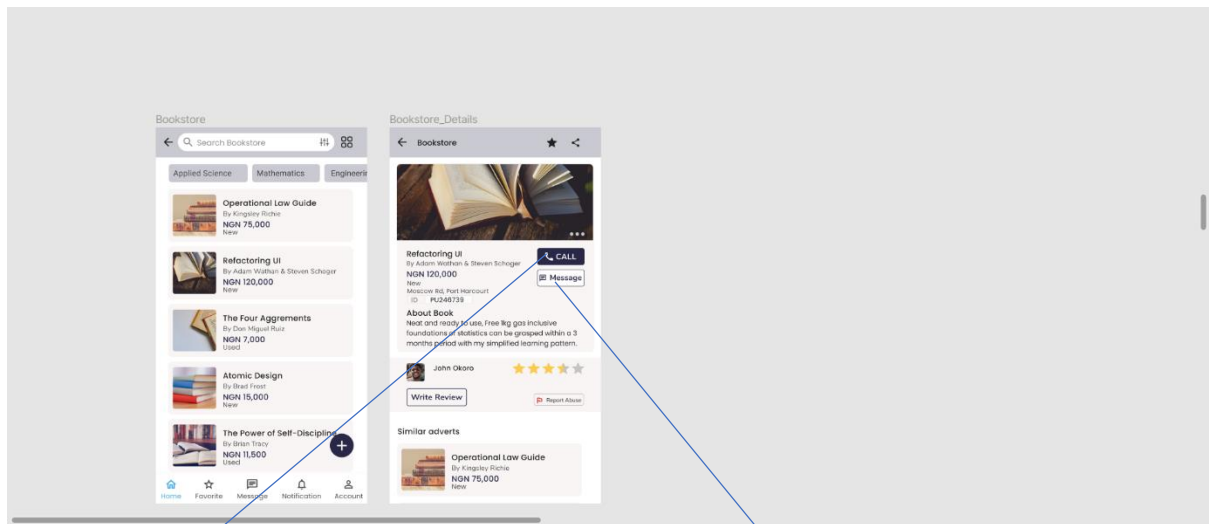

Must select each item and clear one at a time. Or create a delete function on each item then you can have “clear favourite” as clear all.

Add a page title with logo design here. ( Kura | Aggregated Library )

I already shown you this in the files submitted earlier.

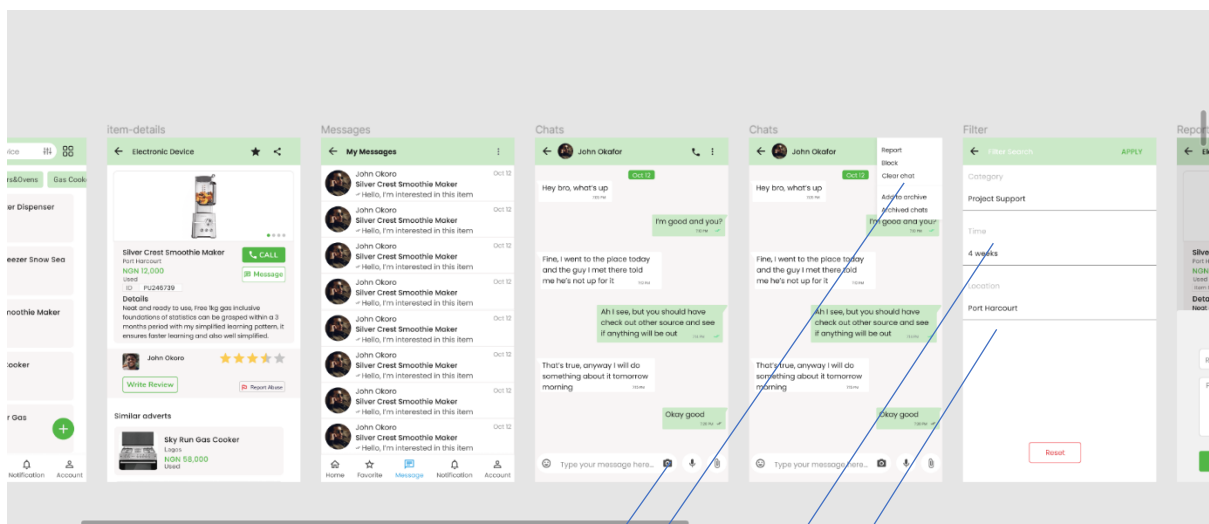

This is in-app call function

This is in-app messaging (chat function)

This applies to all the interfaces where they appear.

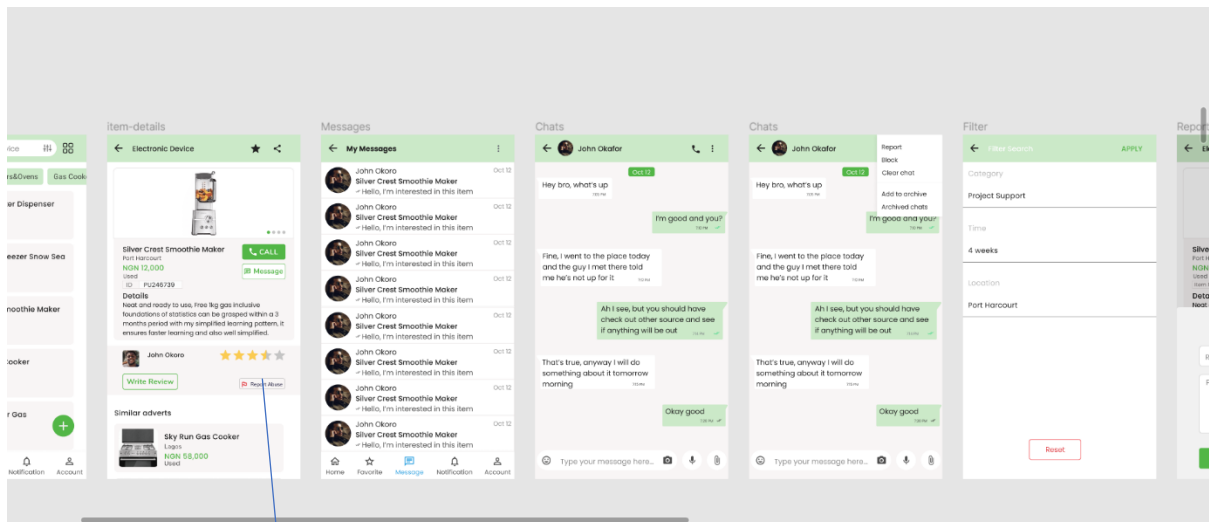

This should be a drop down to select time frame from the post you want to see. (Applicable to all)

4 weeks shows you post from the last 4 weeks till today. [Add filter “price range” here. Apple to all]

Users can clear chats, but admin will still have a receipt at the backend. “I think “Add to archive” and “Archive chat” is an unnecessary function. This can be removed.

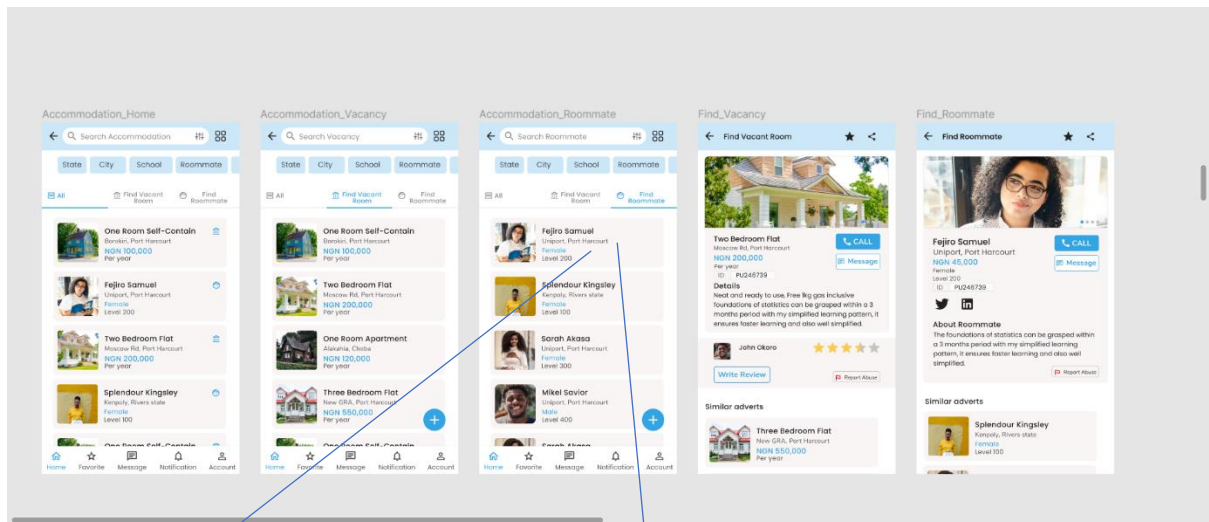

We will apply a size restriction for images, file attachments and videos.

Here is reporting an “item” abuse. Clicking on this should capture the “item-ID” and open the report dialogue pop-up box [Applicable to all]

To report a “user” or an “account” there should be button on their public profile to report them.

Clicking on this should capture the “user-ID” and open the report dialogue pop-up box [Applicable to all]

Re-design content:

Price must be included here: #200,000 per year

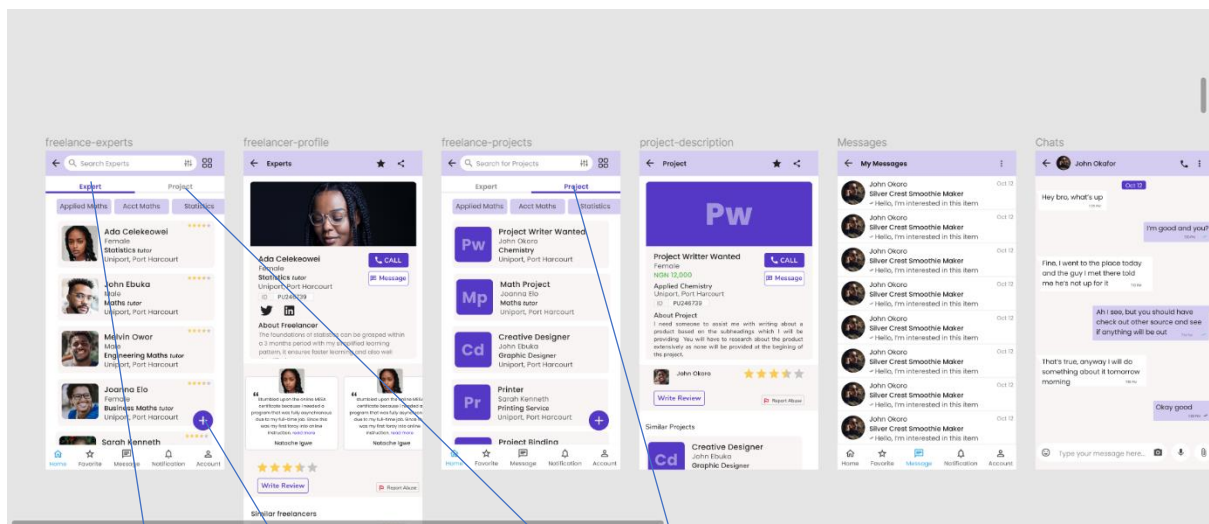

Fejro Samuel

Wants a: 200 Level Female Roommate

Uniport, Port Harcourt.

Price: 200,000 per year

[Applicable to all].

On the "Expert mode" the (+) click opens a dialogue box to complete your freelance profile and you get a badge and this lists you on the expert interface.

Fields required in the dialogue form:

change to: Projects/Tutorials

Expert area: .....for example: Statistics Tutor.....

Write about yourself and experience: ..... (less than 300 characters/ or 50 words)

Finish
